

Munson-Cox

Portrait Design

Thank you for your interest in Munson-Cox!

We appreciate your interest in our senior photography, and are pleased to provide you with this brochure regarding your request for portrait pricing information. If you need something beyond what you see here, please feel free to contact our office—we want to help!

What you ultimately select for your finished images is entirely dependent on you. We recognize that everyone has different portrait needs based on personal desires, family, friends and budget. At Munson-Cox, if you want one photo for yourself, a different one for Grandma and some wallets for your friends, you can get just that. If you need lots of images for yourself and to give away, you can do just that. For a sample of our pricing and products, check out the next page.

We believe that what you pay for your portraits is important. But what you get for what you pay is even more important. That's what value is, and why you always get more than your money's worth at Munson-Cox.

Here's our thoughts on what your senior portrait experience should be:

1. Your session should be fun. You should feel comfortable and relaxed. You should never be rushed, and you should have a great time. At Munson-Cox, you get all this and more. We have been making seniors look and feel great for over twenty years. Behind the camera, we're one of the best.
2. You should have a great selection to choose from. You already know you get more variety than anywhere else at Munson-Cox. Plus, you know that your pictures will show more style, personality and fun. Our years of experience can make the difference between a mere picture and a true portrait.
3. Most importantly, you should be happy. You are never stuck with pictures you don't like at Munson-Cox. If you're not happy with them for any reason, we'll remake them, no hassles ever, no fine print. This 100% guarantee is peace of mind for both you and your parents.

Don't trust your once-in-a-lifetime portrait to a once-in-a-while photographer! Anyone with a camera can point it at you and take your picture. But there's a big difference between a snapshot and a professional portrait. And year after year, Munson-Cox continues to grow because we provide creativity, value, service and professionalism at the highest level in Arlington.

Senior portraits are a *big* deal.

You only do it once, so you may as well do it right. Call us for your appointment today while there are still some session times available.

We look forward to hearing from you soon!
